Upcoming Forestry Workshop

The Alpena and Montmorency Conservation Districts will hold a forest landowners workshop on Saturday, March 3 from 9:00 AM until 1:00 PM at the Alpena Sportsman's Club. The public is invited to attend and there is no cost. To register and for more information, call 356-3596 Ext. 101 or 785-4083.

Among the subjects to be covered are cutting firewood and woodlot improvement, how to manage your game and non-game wildlife, tax issues related to timber harvesting and management, energy saving measures, forest health, timber contracts, tree planting and pine management. Dave MacArthur, DPI forester, will be one of the presenters.

Seedling Sales

This is the time of the year that landowners need to be thinking of tree planting and ordering tree seedlings. The county Conservation Districts are a good source for tree seedlings and wildlife shrubs. Orders are being taken now with pick-up around April 20. Contact your local Conservation District office or give us a call.

New DPI Products

We've come out with a couple new products this spring – check them out at www.pegpanels.com and www.backsplashkit.com. If you are a Michigan or Ohio State fan, you will like the new peg panels!
